

Robot-X-Welding-Gun Welding Gun 30° swivelling

- 1** Basic Gun MX 29514
Throat gap 80/80 Electrode arm D = 40 mm
- 2** Flange acc. to customers requirement
(here KUKA docking system)
- 3** Welding cylinder K 44 W
2x Ø44 – max. electrode force 2300N at 6 bar
Working stroke 36 mm
- 4** Pneumatic Unit
acc. to customers requirement
- 5** Swivelling cylinder
D=50 mm stroke 100 mm
- 6** Power connection
- 7** Transformer
76 KVA
- 8** Gun arms
Layout acc. to welding task
Mat.: CuCrZr – CuZn40Pb2 – G-CuCr –
Aluminium
- 9** Electrode shanks
acc. to welding task
- 10** Electrode caps
acc. to welding task
- 11** Terminal Box
